To Whom It May Concern,

On behalf of Sam Houston High School who has been able to participate in the field trips provided by Motivate Our Students Texas. Each of our trips has been nothing less than outstanding.

Motivate Our Students Texas has provided incentive activities for our students who have demonstrated perfect attendance each month. At the beginning of the year we were in 7th place in the district for attendance and currently we are in 4th place. The attendance incentive has made a difference and our attendance continues to improve. It has also helped maintain our enrollment numbers.

The incentive activities have become the highlight of student conversations on campus. The students are checking on their attendance daily and asking where are we going next. They look forward to being able to attend different places and learning about new things that they normally would not be able to. It has also inspired many of our students to stay in school and attend college after they graduate high school.

We would like to thank you for making this possible for our students.

Sincerely,

Darnell White
Principal
